

EDA Trade & Economics Committee

CAP Task Force

EDA offices, Brussels (Belgium)

24 February 2021 – 09:00 – 10:30

EDA Antitrust & Data Protection Statement

- Participants are reminded that they cannot and should not enter into any discussion or engage in any conduct that may amount to an infringement of any relevant competition law.
- In particular and by way of example, the participants will not disclose or discuss any commercially sensitive information on prices, on customers and or investments.
- Participants agree that EDA processes their personal data within the remit of the mission of EDA as an European trade association.
- These data are kept within the EDA secretariat.
- Participants acknowledge that they can ask EDA by email to share their respective personal data set with them and that they can ask for deletion.

- Action 25 (DG HEALTH): in 2023, not accurate

Draft Report on the F2F by European Parliament

- The phrase: *"We cannot seriously discuss the feasibility of these targets without any consideration for their impact on output or production costs"*

COMAGRI+COMENVI joint meetings

- Encouraged the Commission in translating the Strategy into concrete legislative and non-legislative action as soon as possible
- Welcomed the reduction targets for pesticides, fertilisers, and antibiotics, emphasises the importance of pursuing these targets through holistic and circular approaches
- Consumers have a role to play

Green Deal & Farm to Fork Strategy

Update in the Positions of EU institutions

Carbon Border Adjustment Mechanism

- The European Green Deal establishes measures which aim to slash the greenhouse gas emissions of countries in the European Union (EU) by 50% over the next decade—compared with the current target of 40%—and make Europe the world's first climate-neutral continent
- Scheduled for June 2021

MEPs vision on the Carbon Border Adjustment Mechanism

- *Thursday 4 February: European Parliament ENVI Committee adopted its resolution on a WTO-compatible EU CBAM*

EDA Secretariat

- Working in an opinion paper regarding Advantages and Disadvantages of the CBAM

Unfair Trading Practices (UTP) Directive 2019/633

Tour de table of the Directive implementation in different Member States

Member States must incorporate the provisions of the Directive into national law by 1 May 2021

And apply them by 1 November 2021

Proposed Actions

Next meeting (to be confirmed): 16 June 2021

CAP post-2020

- Keep following the CAP Trilogue negotiations
- Sending the CMO Statement to the EU Council

Farm to Fork Strategy

- Keep monitoring progress on the strategy

Carbon Border Adjustment Mechanism

- Incorporate your feedback in the opinion paper enclosed
- Keep monitoring progress on the field

Thank you for your time and consideration
